

PLANNING APPLICATIONS CONSIDERED AT THE MEETING HELD ON 8 OCTOBER 2020

Application No	Proposal	Comments
20/00586/FUL	Change of use of existing agricultural buildings to a children's play barn attraction with associated facilities and parking. Hockerhill Farm Kiddemore Green Road Brewood STAFFORD ST19 9BQ	The Parish Council accepts the principle of this development although it is aware of the strength of local opposition. It supports the concerns of local residents regarding traffic through the narrow medieval streets in Brewood which has two Conservation Areas. Vehicles travelling along Kiddemore Green Road from Bishop's Wood will contribute to increased traffic at school time; cars and coaches, and large agricultural vehicles throughout the day. Members expressed concern for local businesses especially the village halls as there would be an events space catering for children's parties etc within the development. The development would also have its own café which would mean visitors may not leave the site. The farmhouse has been designated as living accommodation for staff, which suggests that there may not be employment of local people. The Parish Council would recommend commissioning of a traffic impact report from the Highways England. If the application was approved conditions should be imposed on any other events taking place such as weddings. Strict opening hours, mitigation of noise and light pollution and environmental damage.
