

PLANNING APPLICATIONS CONSIDERED

AT THE MEETING HELD ON 11TH FEBRUARY 2021

Application No	Proposal	Comment
19/00913/FUL	Erection of 9 No. dwellings including landscaping, site works and new access off public car park. 9 Sandy Lane Brewood ST19 9ET	<p>The Parish Council has extremely strong objections to this planning application and reiterates its concerns regarding over development in a Conservation Area and within the village setting, the loss of valuable car parking spaces and the loss of a large green space in the centre of the village, with the possible impact upon biodiversity and ecology at this location. We note the slight material differences from the previously submitted application but are unable to support this application.</p> <p>Although 3 'additional' car parking spaces have been shown on the plans, they are actually included within the plan of the site, so would not compensate for the loss of public parking spaces. The access and egress from the car park is unsuitable for 2-way traffic.</p> <p>Please refer to the Parish Council's comments submitted 31st January 2020, but excluding the references made to the suggested development of the property – Grain Ridge.</p>
